

Can you say "Hot"? The First Baptist Church car show was held on August 31st and boy was it hot, topping out at 103 degrees. Last year's show was cancelled due to rain and this year's heat rivaled some of our car shows, made worse since it was on blacktop.

Never the less, some of our hardy members were in attendance and we entered nine cars and trucks. The show features free entry and supplies free food and drink to the participants, our kind of show. Even Barney Fife was in attendance and kept our crew in line!

Special thanks go out to board of directors member, Dan Kelly, for covering the show for your vacationing editor!
