

# SIMA Car Show

One of the yearly stops for our club is the Southern Illinois Mustang Association's car show held in Alton Illinois. This 36th annual event was held again at Roberts Ford where all of the 36 shows have been held.

The weather was great for July and they had 113 entrees. Our turnout was somewhat small with nine members cars and trucks in attendance.

We got to see John Sullivan's recently purchased '07 Mustang GT convertible. We also spent time with newer member, Mike Valentine with his SHO. Stan Zoellner who has been a member for years, but without a show car, now shows a 2013 Shelby.

Seven of our members took home a trophy but we were three members short of winning the club participation award. The show usually offers some unique trophies and this year was no exception.
