

On a cool, crisp, but dry, October morning, many of our members headed north to Lincoln County for the 14th annual Classics on Wheels car show that was held in Elsberry, Mis-

souri. The weather may have kept the attendance down a little as there were 62 entries, but our club was out in force with 18 entries. We would have had 19 entries, but Dan Kelly's LX droptop sprung a leak at a brake connection and he had to head home for repairs. New club member Rodney O'Brien won a special award plus third place in his class. Nine other members went home with a trophy.

On the next page there is an appreciation note from Duck and Brigitte Steavenson for our club's support.
