

Federal Mogul TEC Center

On May 30th, the Federal Mogul TEC Center held a car cruise at their facility. The rain kept the attendance down, but some of our members were in attendance and were able to tour their facility. Dan Kelly noted that this could be a good tour for our club.

Several of our members attended the Mid-America Ford Nationals in Tulsa. Bill Bufka noted that it was a great time to rub elbows with the Ford elite. The highlight of the weekend was the first in class and best of show that was garnered by our own Jack Anderson. Other members in attendance included Bill Bufka, Eric Hohl, Jeff Hohl, Terry Koch, Bart McNail, Ron Schodroski, and Dan Tanner.
