

Fords Unlimited

Our 31st annual all Ford show can only be considered a great success. A year of planning and work along with a gift from mother nature of cooler temps and soft breezes, helped us have our 2nd largest turnout with 289 cars and trucks entered in the show.

The week of the show started with a car show meeting on Wednesday at which we checked to make sure that everything would be in place on show day. On Saturday, we held our pre-show BBQ. This night we did more of the needed odds and ends, but mostly it was a social night for our hard working members. At the end of the evening, many of us headed to Ken Farrar's house to load up his trailer with show supplies.

On Sunday, workers started showing up at 6 am and the real work began. There is so much to do and it takes so many hands. Our members jumped in and made it happen as cars start coming in very early.

Much of our success goes to Sinclair Ford for their ongoing sponsorship, thanks to the work of Ron Schodroski. This year we welcomed 2 new major sponsors that included Bommarito Ford, represented by Kevin Hall who presented 2 spon-

Continued on page 2

Kenny Simms, Syl Biermann and Ron Schodroski keep the burgers and dogs coming at Saturday's BBQ.

The show starts here at classification. This is a very difficult job as there are so many variations in so many of the classes.

Cindy Ahrens and her registration crew was kept busy all morning with registering 289 entries, selling shirts, and solving problems.

As the day drew to a close, many of our members took on the job of counting the ballots. Each year Cindy improves the tally counting.

Longtime sponsor, Sinclair Ford brought several examples of the Blue Oval's finest as they do every year.

Representing our new major sponsor was Kevin Hall. Kevin has been very hands on with our club and his support is greatly appreciated.

sor's choice coins and donated a 50 inch TV to be raffled that was won by our own Barb Dennis. Also joining us was Ed Akers of Farmers Insurance who came on board as our best of show sponsor.

That day we had 3 of our charter members working along with a new couple that had just joined the previous night. Good people doing great work.

We had our usual "guess the attendance" pool but did not have a winner so all of the funds went to The Backstoppers.

Thanks to Northern Tool, we had 3 silent auction items that netted \$200 for The BackStoppers along with our 50-50 and Cardinal basket, crafted by Donna Layton, which also raised funds for our charities. Thanks to Ron Sutton, we also had a laptop computer donated by EPC

There are too many people to thank but we must mention our long time show chairman, Jim Biermann for all of his work. The concessions went smoothly thanks to Sharon Apollo and Ken Farrar. We cooked 600 burgers and sold them all, along with all the hot dogs. The only thing left was a little soda and water. It mirrored the success of our show. Trophies and dash plaques were handled expertly by Dan Kelly. Syl Biermann kept the main booth running smoothly and Cindy Ahrens and her crew effecently handled registration and ballot counting.

We had hoped to break the 300 entry mark but we will never complain about 289 cars. Great job everyone!

Ed Akers of Farmers Insurance is shown presenting the Best of Show trophies which included from left; Danny Krumm (Ford Show), Bill Hinkle (Fairlane Club mini-meet), and Dan Shepherd (Muscle Mustangs).
