

On August 27th, our club was the host club at the O'Fallon JJ's. The nice late summer morning brought out many fine cars including 19 from our club. It was one of those rare all car events that was mostly Blue Oval products including many Fords and Mercury's that were not from our club. We did manage to get by this year without an ambulance on standby (you had to be there last year). Many of our early arriving members were presented with various gift certificates and a dash plaque. Lunch time had some partaking outside with the hot dogs and brats while others opted to dine inside and partake in the wide variety of JJ's offerings. The afternoon concluded with our club receiving a plaque for our participation (shown below left is Bill Bauer with Mike Spies of JJ's) and Steve Schneider winning one of the two sponsors choice trophies (bottom right). We thank Dan Kelly for setting up this event for our club.
