

MOTOEXOTICA

EST. 1987

On March 24th, our club was able to tour Motoexotica Classic Car Sales. The rainy, cold day was no way to have our first spring club event but we made the best of it.

That day our group of 40 members and families were able to tour both Motoexotica buildings. Lots of fine Fords to view including a barn find '68 Shelby needing a complete restoration. Mike McDougal would have loved that they had 4 Panteras. We were able to view a Lincoln Mark I with quad headlights (they didn't come that way) and 2 Batmobiles.

Their collection also included many exotic, muscle cars and antique cars. Syl Biermann was seen drooling over a '57 Sunliner but the checkbook stayed in his pocket.

We were finally able to present Mike McCallister with his well deserved "Mr. Donut" plaque honoring him for bringing donuts to the car shows.

When we finished our tour, we headed to T.J. Wings for a late lunch. We thank Dan Kelly for setting up the tour and to Jim Biermann for setting us up at the restaurant.
