

As summer turns to fall, our car show season is nearing its end. To take advantage of the fleeting daylight hours that will soon be upon us, our club made the Culver Cruise in Arnold, Missouri our last evening outdoor club event for the year.

Paul Arca is usually the DJ at these monthly events, but filling in with those duties were club members Don Hricko and Mark Wisbey who kept the music coming. The great weather had the an overflow and our club had eight members in attendance. Besides Don and Mark, in attendance were Willie and Mary Cole, Merle Bone Bill Giese, Jim Biermann and Bart McNail.
