

# Fall Color Tour

**O**n October 13th, our club held its annual “food fest”, also known as our Fall Color Tour. This year, the primary color was green, but there were no complaints as the weather was outstanding.

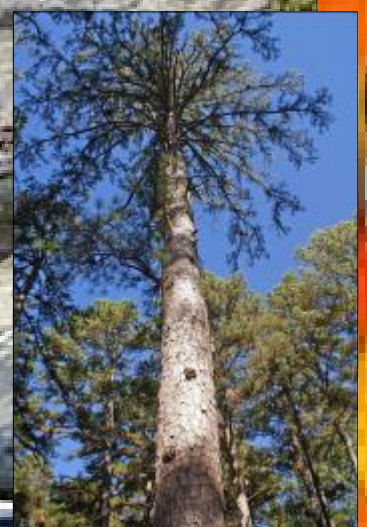

After a scenic tour of Southeast Missouri, our caravan settled in at Hawn State Park. While some of our members fired up the grills, covered tables and otherwise prepared for the upcoming feast, many of our members headed up the Pickle Creek Trail to view the sights. Although a rugged trail at times, it’s well worth the effort. Carolyn Sutorius and Bill Bufka actually made it all of the way to the end.

As usual, the meal was outstanding. The entrée’s were chicken breasts and pork steaks and the club provided the mostachelli and we were treated to so many outstanding side dishes and desserts.

Special thanks go out to Syl and Judy Biermann who set up this event and did all of the shopping, to Donna Layton who prepared the club provided mostachelli and to Jack Greiwe who supplied the generator.

We have already had many suggestions for next year and we are open to other ideas for this very popular club event.
