

MCSTL Car Show

When it comes to car shows, if it wasn't for bad luck, the Mustang Club of St. Louis wouldn't have any luck. Again this year, they were faced with morning rain, which kills a show. By noon, the weather started to clear, but it was too late. Our club did our share by registering 29 cars although one was a "ghost car". All of our members in judged classes received a trophy and we had some special winners. Bill Bauer and Steve Hendricks each won an attendance prize, Bob Layton won the 50-50, and Jake Turnipseed won the large sponsors choice trophy. Our club also won the \$50 club participation money which was donated back to their charity. By trophy time, the sky had cleared, but unfortunately, about 8 hours too late.
