

Precision Restorations

Despite morning snow, our club was able to tour Precision Restorations on February 17th.

Precision Restorations is an auto restoration shop that is truly passionate about each and every classic car, antique car, custom hot rod and muscle car restoration project that they perform. They are nationally and internationally known for our quality craftsmanship, accurate upfront estimates and unmatched personal customer service.

They are experts in their field and explained how each restoration works, from esti-

mates to final finish. We were able to view many cars in various stages of restoration.

We finished our day with a trip to Ra-gazzi's, always a treat. Another highlight of the day was we were visit with the "Mauzy Miracle" as Ed and Julie were able to make our tour.

We thank Dan Kelly for setting up this late winter tour.
