

For those of us who are geographically challenged, a drivers meeting was held at our meeting location. We did, however, have a “Syl” moment upon leaving.

On Saturday, April 21st, our club took a road trip to Williamsburg Missouri to visit the Crane's Country Store and Museum.

After meeting in Wentzville, our caravan of 21 cars headed west down Highway 70 for the one hour trip. Upon arrival, an impromptu car show was held for passing cars. The beautiful spring day proved to be an outstanding way to spend a Saturday.

After touring the store and the museum, we were treated to buffet of burgers, brats, hot-dogs, baked beans, and potato salad.

This was a three club event that included the members from the Mustang Club of St. Louis, the Show-Me Mustang Club and our club.

We thank all of members who were able to attend and especially to Jerry Grimmer who organized the event.

Our group gathered at the Wentzville Phillips 66 before heading out on our cruise. Lots of four dollar gas was burned that day.

Caravanning our large group on the crowded highway proved to be a challenge but we made it work at the end.

Upon arriving at the Crane's Store, we realized that we were stepping into a time when things were more simple and easy going. The folks at Crane's were very hospitable and took us back to a time long past.

Crane's Cruise

No wasted space here, if you can't find it at Crane's, you probably don't need it.

From hotdog buns to heavy duty boots, it certainly could be found here.

There was a nice gift shop and Donna Layton cleaned out all of the Mickey stuff.

Don't see many of these. Did you ever see a "Hog Oiler"? Do you know what it does? Well you had to be there to find out, but us city folk found out there's always something new to be learned.

Our host, Joe Crane, addressed our lunch crowd and gave us some interesting history about the store and museum.
