

Late Winter Tour

Late winter tour? Well, it certainly was this time. As most of us headed out to our caravan location for our cruise to St Johns Gildenhaus Church for their all you can eat chicken dinner, we were hit by a snow storm. Areas near Arnold had 4 to 5 inches of snow. Fortunately, the ground was still warm and the temps stayed above freezing. The closer that we got to Villa Ridge, the less snow had fallen. Despite the weather, we had a great turnout.

After the family style dinner, we headed upstairs to view the various crafts and bakery items that were available.

Special thanks to Dennis and Debbie McBee for setting up this great way to spend a gloomy winter Sunday.
