

Mustang Roundup

On a cool, actually downright cold, April 9th, our club attended the 7th annual Mustang Roundup presented by the Mustang Club of St. Louis. Again this year, the display was held at the Museum of Transportation. With the chilly weather, the turnout this year was

somewhat smaller than usual, but our club had 24 of our members display their vehicles. The day started with temps at or below the freezing mark. All things considered, it could have been worse, it could have been raining. All in all, it was a nice day to bring out our cars and trucks for this annual spring outing.
