

Wheels in Motion Day

On September 13th, our club participated in the

Wheels in Motion Day that was held at Westport Plaza. The great weather brought out many cars and trucks including 12 from our club. The event is really not a car show but more of a display that benefits children in their fight against cancer. All entry proceeds and the funds collected from the 50-50, raffles, and concessions go to The National Children's Cancer Society. The day is a cooperative event of several St. Louis area car clubs. Our club donated \$200 from our treasury to the charity. Attending the show were Dan Kelly, Jerry Grimmer, Bart McNail, Vern Anderson, Ken Farrar and Sharron Apollo, Dave Baugh, Syl and Jim Biermann, Kenny and Gwen Simms, Scott and Lynette Lewis, Bill Bufka, and Mark Carey. It was a day and a great way to help a worthwhile charity.
